THE LOCATION

THE BEST OF BOTH WORLDS

Our community is less than five miles south of Historic Downtown Wilmington, with world-class dining, cultural events, nightlife, and a Central Business District. And when you want to get away, take a quick drive to the best beaches or boat down the river to the intercoastal or out to the Atlantic. Want to get even further away? Wilmington International Airport (ILM) will get you just about anywhere.

Take a stroll through our lively town square, Marina Village, and instantly feel the coastal town charm. Here we gather with friends and neighbors, venture through local shops, get pampered at the nail bar enjoy the game at the sports bar, and sip on cocktails and local craft beers while overlooking the sunset. The area radiates energy with those finishing a bike ride or preparing for a round of golf. Because at the heart of it all, is place full of heart.
